Compared to last week's market, feeder steers and heifers weight price averages ended fully \$8 to \$10 higher with some class instances up to \$12 higher. Slaughter cow demand continues stronger by \$2 with the slaughter bull prices remaining firm with last weeks figures.

Lighter market volume along with the weather clearing up from last week's frigid blizzard blast has brought the stocker buyers back into the buying arena with a fistful of new orders. Buyer interest today was strong along with aggression on all classes supported by 17 calf buyers here today.
