Compared to last week's market, feeder steers and heifers weight price averages from 500 lbs and down ended fully \$2 to \$4 higher while those classes over 500 lbs finished firm \$3 weaker on certain lower grade quality. Slaughter cows weakened around \$3 while the slaughter bulls finished firm.

Last Friday's Cattle on Feed report showed a higher placement figure but created no ripples in the market. Even stacked with several negative market factors, buyer interest remains high with aggression on most classes. Buyers today appeared a little looser on their grading purchases.
