

DCR Data Quality Improvement

Webinar #8: Children’s Programs and Data Collection

Several submitting entities had potential issues with collecting information on child partnerships. This webinar will act as a brainstorming session so that we can improve child partnership data collection. We hope that all counties invited will benefit!

Summary: Data related to child partnerships is often incorrect or not properly captured. Children’s programs have lower quality data because the DCR assessments not tailored for children’s populations. KET and 3M forms are often not updated frequently enough and PAF forms may have no issues identified. This webinar will be a brainstorming session so that we can improve child partnership data collection.

Specific counties who may benefit:

All counties can benefit from this webinar!

Counties who expressed interest:

Amador	Merced	Placer	San Luis Obispo
Butte	Napa	Plumas	Santa Cruz
Calaveras	Nevada	Riverside	Siskiyou
Contra Costa	Orange	San Benito	Solano
El Dorado	Placer	San Francisco	Yolo

Who should attend?

- Clinicians
- Administration
- Data analyst
- IT
- Billing/accounting staff
- Quality assurance

Topics to discuss:

- Capturing child information
- How can we improve child forms?
- Status changes
- KET and 3M Submission
- Missing KET and 3M
- No issues identified on PAF
- Children placed out of county

Thursday, January 18th 1-3pm

Presenters from MHDATA and DHCS
