

CSI Data Quality Improvement

Webinar #6: Mode 05 Services

There were 111 Mode 05 related issues for 50 of 58 counties identified for further research. This webinar will explore common Mode 05 issues. We hope all that attend can benefit!

Summary: Issues with Mode 05 service reporting are common. One very common issue is that in-county Mode 05 services which are reported directly to the state for Medi-Cal billing may never be captured in the submitting entities EHR, rendering such services unavailable for reporting to CSI. We hope that all counties will join us for this discussion of best practices, and join in by sharing experiences and insights into this issue.

Specific counties who may benefit:

Alameda	Del Norte	Kings	Modoc	Riverside	San Mateo	Stanislaus
Alpine	El Dorado	Lassen	Mono	Sacramento	Santa Barbara	Sutter Yuba
Amador	Fresno	Los Angeles	Monterey	San Benito	Santa Clara	Tehama
Butte	Glenn	Madera	Napa	San Bernardino	Santa Cruz	Tri City
